

PRODUCT UPDATE ANNOUNCEMENT

Date: May 3, 2011

Enhancements to Fluke Ti25, Ti10, TiR1, and TiR Thermal Imagers

Fluke is pleased to announce several enhancements and feature-set additions to our popular line of thermal imagers... Ti25, Ti10, TiR1, and TiR. In an effort to continue to add value for our customers, Fluke has increased the performance of the following thermal imagers, with new specifications and features outlined below:

Fluke Ti25 Thermal Imager

- Thermal Sensitivity (NETD) Improvement: now $\leq 90\text{mK}$ ($0.09\text{ }^{\circ}\text{C}$)

Fluke Ti10 Thermal Imager

- Thermal Sensitivity (NETD) Improvement: now $\leq 130\text{mK}$ ($0.13\text{ }^{\circ}\text{C}$)
- Temperature Measurement Accuracy Improvement : now $\pm 2^{\circ}\text{C}$ or $\pm 2\%$, at 25°C , whichever is greater
- Addition of **FAST AUTO MANUAL TOGGLE** feature
- Addition of **FAST AUTO RESCALE** feature

Fluke TiR1 Thermal Imager

- Temperature Measurement Range Improvement: now $-20\text{ }^{\circ}\text{C}$ to $150\text{ }^{\circ}\text{C}$

Fluke TiR Thermal Imager

- Thermal Sensitivity (NETD) Improvement: now $\leq 90\text{mK}$ ($0.09\text{ }^{\circ}\text{C}$)
- Temperature Measurement Accuracy Improvement : now $\pm 2^{\circ}\text{C}$ or $\pm 2\%$, at 25°C , whichever is greater
- Temperature Measurement Range Improvement: now $-20\text{ }^{\circ}\text{C}$ to $150\text{ }^{\circ}\text{C}$
- Addition of **FAST AUTO MANUAL TOGGLE** feature
- Addition of **FAST AUTO RESCALE** feature

These changes are implemented on all Ti25, Ti10, TiR1, and TiR Thermal Imagers with serial numbers 10070100 and newer, manufactured after approximately July 5th, 2010.

There is not presently an ability to broadly update performance and features on existing or older models. However, when imagers return for calibration or repair, the Fluke Service department makes every attempt to update and upgrade existing thermal imagers to the highest level of performance supported by specific hardware configurations.

If you have questions regarding any of the information in this announcement, please do not hesitate to contact me.

Thank you for your time and attention.
